Right: Wisteria's Nassau armchair joins the homeowners' own sofa covered with a Pindler textile in a guest room. The pillows are made from Clarence House fabrics and a Chapman & Myers floor lamp provides light for reading.

Opposite: The turtles swimming amid the underwater scene of Lake August's Channel Islands wallpaper lend a touch of whimsy to the same guest room. Beside the custom bed clad in Pindler fabric are a Noir nightstand and Alexa Hampton lamp.

Envisioned as a quiet retreat, the primary suite's seating area features chairs upholstered in Pindler's Voltaire Mink. They are joined by a Wisteria side table and Lawson-Fenning's Moreno ottoman covered in Moore & Giles leather. The artwork is by the homeowner's late father.
